Welcome!

On behalf of the Affordable Housing Management Association of Washington (AHMA of Wa) and the Affordable Rural Housing Council (ARHC), we are honored and delighted to welcome you to the 2019 Washington Affordable Housing Management Convention.

The theme of the convention is "Knowledge to Action: A Toolkit for Success." In addition to exceptional keynote speakers, Scott Crabtree and Beth Kanter, the convention program has been designed to offer a comprehensive range of sessions that cover all disciplines of affordable housing management. This year we are also kicking up the energy by bringing back Troy McVicker to serve as our convention master of ceremonies.

Both AHMA of WA and ARHC conduct important organizational business at the convention, including holding their annual meetings and electing their Board of Directors.

The Convention is for people and organizations just beginning in affordable housing, as well as seasoned veterans. There are plenty of networking opportunities, providing you with the opportunity to meet and interact with the leading experts in affordable housing, friends and colleagues as well as sponsors and exhibitors.

We would like to express our sincere appreciation to all the participants, sponsors, exhibitors, supporting organizations and all the committee members who will make the Washington Affordable Housing Management Convention successful.
